Dear Liam,

On behalf of President Higgins, may I extend his warmest congratulations to you on your extraordinary achievements in the world of powerlifting.

To hold six world records is in itself an exceptional and rare achievement, a true testament to your skill, talent and passion for the sport. However, what makes your story all the more remarkable is the journey that led you there, a journey that, although marked by profound difficulty, has been made with a quiet, determined courage that speaks to the very heart of the human spirit.

In facing adversity with such strength and bravery, you have become a source of inspiration not only to aspiring athletes, but to all those who have searched for light amidst such moments of darkness.

On behalf of President Higgins, may I convey his warmest regards to you, and his very best wishes for continued success, happiness and fulfilment in all that you do.

Yours sincerely,

Anna Williams
